

THE HOUTMAN FUND

The Houtman Fund was created in 1989 within the ONE, following a legacy of Mr. Herman Houtman. Its main objective/mission is to support and finance actions and researches specifically dedicated to disadvantaged children **within the Wallonia & Brussels Federation** (while the ONE has a more generalistic approach oriented towards all the families/the children). The Houtman Fund is run by a distinct Committee. The President is Ms. Claudia Camut and the Deputy Head is Mr. Marc Vainsel. Since 1989, it has supported about 100 projects (under about 40 themes) and just as many fieldworkers and childhood professionals. It also presents, every 5 years now, a Price for a long-term work dedicated to disadvantaged children.
